

PROTECTION PLUS POINT OF SALE*

Choose to commit for multiple years and realize even more benefits, including FREE detector replacement(s) when you enroll 10+ detectors at Point of Sale! **

What Is Protection Plus Point of Sale?

Once you purchase a Canon CXDI detector from Virtual Imaging, your detector is automatically enrolled in Protection Plus for the first year. Your detector is safeguarded against drops and liquid infiltration.

With all detector repairs proudly done in the U.S. by Canon-trained engineers, the turn-around time and communication is convenient, cost-effective, and fast.

Contact us for more details about Protection Plus Point of Sale, as well as our versatile equipment service plans!
