

EV800

ELEVATING TABLE

The durable EV800 elevating four-way float top table delivers outstanding safety and usability. Featuring an exclusive four-point lift system and exceptionally quiet motor-drive, its smooth, scratch resistant table top lowers to a height of just 22" to ensure stress-free patient transfers and adjustments. Offering a high patient weight capacity of up to 800lbs (363 kg), stable continuous movement is possible through conveniently placed recessed foot treadles and table-side controls, suitable for increasing technologist performance and satisfaction.

Key Highlights

Four-Way Float Top

- Glides effortlessly in all directions

Four-Point Lift System

- A quiet rack and pinion motor distributes equal lifting power to four precise locations

800 lbs. Patient Weight Capacity

Flat and Scratch Resistant Table Top

Lowers to Height of 22 in.

- Allows easy patient transfers and adjustments

Recessed Foot Treadles

- Release locks for table float and elevation

Table-Side User Controls
