DIAGNOSTIC RADIOLOGY PROGRAM

ABOUT THE SCHEDULE

2018 Annual Meeting of the FRS & FRBMA will focus on understanding the payment systems/models, monetizing the value paradigm and being a Leader to lead the change. This year's meeting theme is "Navigating Reimbursement: How, Why and When".

Each year we kick off the annual meeting Friday morning with the annual FRS/FRBMA Golf Tournament. The fun continues Friday evening as our exhibitors and members come together for the popular Wine and Cheese Reception in the Exhibit Hall. We are always very grateful for the exhibitors' support and we appreciate a personal visit with the exhibitors to thank them for their continued support of the FRS & FRBMA. There are additional opportunities to interact with our exhibitors on Saturday as the breakfast and coffee break will be held in the exhibit hall, and later, exhibitors will have lunch with attendees to allow for continued discussion and interaction.

The FRBMA Session begins on Friday afternoon and joins the FRS Diagnostic General Session on Saturday morning with an outstanding lineup of nationally recognized speakers.

The FRS Session will be highlighted by our annual series, **The Steven G. Miles Keynote Socioeconomic Address**, featuring Dr. Paul Chang on "Artificial Intelligence in Radiology".

Our Saturday afternoon, we will have a new addition, **Dr. Lawrence R. Muroff Radiology Leadership Lecture**, Dr James H. Thrall will present "The Wisdom of Larry Muroff". On Saturday, there will also be breakout sessions for Radiation Oncology and the Resident and Fellow Section.

Our marquee event, the **Gold Medal Reception and Cocktail Party**, will be held early Saturday evening to honor the **FRS Gold Medal** recipient, the **FRBMA Above and Beyond Award**, and **The LaDonna Nichols Lifetime Achievement Award** recipient.

Other outstanding FRS & FRBMA members will be recognized for their contributions to the practice of radiology throughout the year. The earlier time for this event allows opportunity to go out and enjoy the beautiful rest of the evening.

Sunday morning will begin with the **Charles D. Williams, M.D., FACR Legacy Lecture and Breakfast** presented by Dr. Phillip S. Cook, "Rewards & Challenges of Radiology Clinical Practice". This will be followed by the **Radiology Associates of Florida Clinical Keynote Lecture** by Dr. Jeffrey A. Stone "Radiologist Clinician: Maverick or Visionary".

TARGET AUDIENCE

This CME activity is structured as a practical teaching course for diagnostic imaging physicians, radiation therapy physicians, and their business managers. It should benefit radiologists, radiation oncologists, and nuclear medicine physicians, as well as other physicians who supervise and interpret these studies.

SCIENTIFIC SPONSOR

Educational Symposia

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Evaluate current reimbursement issues facing radiologists, radiation oncologists and radiology business managers to prepare for change.
- Learn new methods to maximize and monetize value outside of reading rooms.
- Learn to be a better clinician and a leader.

No special educational preparation is required for this CME activity.

ACCREDITATION

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Educational Symposia and the Florida Radiological Society. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

Educational Symposia designates this live educational activity for a maximum of 8.5 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Self Assessment Modules (SAMs):

Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

RADIATION ONCOLOGY PROGRAM

ABOUT THE MEETING

The Radiation Oncology session will include presentations from both attending faculty and residents. Presentations will review important issues in radiotherapy toxicity and symptom control, stereotactic radiotherapy central nervous system tumors, lung, prostate and esophageal malignancies.

TARGET AUDIENCE

This symposium is structured as a practical teaching course for radiation oncologists in academic and community practice.
